

The Truth

The Truth Watch weekly newsletter

Volume IV, Issue 16

“Beloved, do not believe every spirit, but test the spirits, whether they are of God; because many false prophets have gone out into the world.” (1 John 4:1)

“When a nation has war declared on it, it is by that declaration at war. If we had ignored the attacks at Pearl Harbor as just the acts of a renegade government and not the Japanese people, we would have been defeated. So it is with Islam.” –Dave

hijacking a peaceful religion. Quite the contrary! It is a devoted group of fundamentalist Muslims who take the Quran literally. Any other Muslim who believes otherwise is an apostate and worthy of death carried out against unbelieving infidels, known as kafir. That is the truth, and the truth is our charter at The Truth Watch.

I am a fundamentalist Christian, not in the sense the modern, leftist media tries to portray me. I literally take the Bible, well, literally. I believe the Holy Bible to be the inspired Word of God.

Al Qaeda, the Taliban, and now the Islamic State of Iraq and Syria (ISIS) and the Islamic State of Iraq and the Levant (ISIL), also take the Quran literally, believing every word to be delivered through the Prophet Muhammed from their god Allah.

The threat is Islam. It is not some radical faction of militants

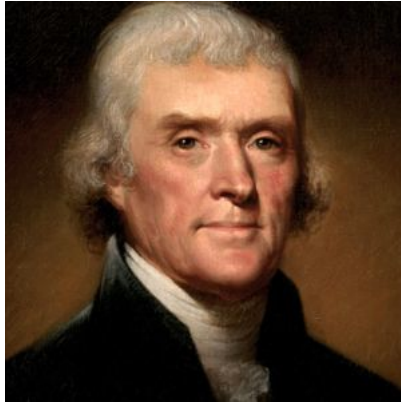

Why is there a vast disparity in how each religion deals with the culture? Why do Christians not crucify non-believers, or cut off their heads, and Muslims do? The answer is found in the contents of each book. I can hear the naysayers now: oh but the Old Testament called for stoning. How barbaric is that? We'll address that in From the Pulpit.

America and its leaders can say we are not at war with Islam until the proverbial cows come home. It has no bearing on reality. The reality is that Islam is at war with liberty-loving people. Liberty is a Christian belief, antithetical to the teachings of Mohammed. Liberty always means freedom of thought and belief, which are destructive to the very word Islam, which means “obedience.”

Government is bound to protect and defend its citizenry. If a nation, organization, or religion declares war upon our country, then we are at war with that entity by virtue of its declaration.

Our founders understood this. Turn the page to find out why...

FROM THE FOUNDERS

President Jefferson knew that the Barbary States thought they had a right and duty to plunder and enslave unbelieving peoples. He learned this in 1785 as an envoy trying to negotiate peace with Tripoli's Ambassador Sidi Haji Abdrahaman. Sixteen years later as President he knew only force would protect America against Muslim barbarians.

"To this state of general peace with which we have been blessed, one only exception exists. Tripoli, the least considerable of the Barbary States, had come forward with demands unfounded either in right or in compact, and had permitted itself to denounce war, on our failure to comply before a given day. The style of the demand admitted but one answer. I sent a small squadron of frigates into the Mediterranean..."President Thomas Jefferson, December 8, 1801, first annual [message](#) to Congress.

Thomas Jefferson was a man of peace. He was also very interested in many religions. He owned a Koran and liked some of its writings. How much his reading about Islam influenced his life is hard to say. You can do an internet search of "Thomas Jefferson on Islam" and see the liberal historical revisionists either declare Jefferson a Muslim or that it at least shaped his life. This is at best a stretch.

What is clear is how Jefferson dealt with Islamist terrorists. Jefferson realized that negotiating with terrorists would only lead to more terrorism. Tripoli was demanding a tribute be paid to them, and while many European nations fearfully obliged to these Islamic terrorists (sound familiar?), Jefferson knew that paying tribute to the Barbary terrorists would only lead to more demands.

As President, Jefferson's refusal to pay tribute to Tripoli resulted in the pasha of Tripoli declaring war on America. This is when Jefferson sent a naval fleet to the Mediterranean Sea to defeat the terrorists.

For more reading on Jefferson and the Barbary Pirates, I recommend Gerard Gawalt's excellent [essay](#).

FROM THE PULPIT

“The God we worship and serve this evening is not Allah. The Muslim god—Allah—is a heathen deity. Allah is a cruel deity. Allah is a demon deity...Islam is heathen. Islam is satanic. Islam is a doctrine spawned in hell.” Pastor James McConnell, Whitewell Metropolitan Tabernacle, Belfast, Ireland, “Controversial” Islam [sermon](#), May 18, 2014.

Pastor McConnell caused quite a firestorm in the United Kingdom with his biblically-sound sermon. When you listen to the complete sermon, and I highly recommend you do, you will hear a man of God fearlessly preaching the gospel truth. This great man of God preaches that he does not trust so-called moderate Muslims. He reminded his flock that it was prophesied by other men that blood would flow in the streets if Islam was not defeated. Islam is the religion of the sword.

I can hear the naysayers now: oh but the Old Testament called for stoning. How barbaric is that? It was actually very practical. The Israelites were a nomadic people when God implemented capital punishment by stoning. Stones were available everywhere they traveled, and this allowed for swift justice to be carried out.

There were rare cases of stoning being required because the immediacy of punishment for a crime acted as a deterrent. When swift punishment is meted out for a crime, deterrence is always a byproduct.

That is a lesson Western society long ago forgot.

We have allowed political correctness to shake the confidence of Christians, especially pastors, from preaching the gospel truth against the evil religion Islam. It is not a peaceful religion. It is not a religion of love. It is not a religion of creativity.

As Pastor McConnell rightly declared, Islam has a cruel, demonic, and heathen god. Islam is a heathen, satanic false religion spawned in hell.

ISIS just released its third video of one of its followers cutting off the head of another innocent victim. ISIS is beheading children in Iraq who refuse to denounce Christianity.

Islam has come to America and it has beheaded an American woman on American soil.

Islam is at war with America.

TO THE STREETS

How do WE the People get our leaders to understand that Islam is at war with our nation? How do we convince Barack Obama, John Kerry, Chuck Hagel, Eric Holder, Harry Reid, Mitch McConnell, John Boehner, and Nancy Pelosi that we must defend our borders against invaders not only carrying diseases, but also and more importantly, carrying a hatred for all liberty-loving Americans?

With those eight weak leaders only throwing them out of office will bring the change our nation needs immediately. Nevertheless, we must work to try to convince all in government that we are in great danger. Declaring or wishing it be otherwise will not diminish the danger our nation is facing. Here are some suggestions:

1. Be sure you know all that there is to know about Islam. Matt Slick has an excellent [website](#) titled Christian Apologetics & Research Ministry. Please visit it and if able give a small donation. I know Matt would greatly appreciate it.
2. [Contact](#) those eight government leaders and remind them that their most important responsibility is to protect WE the People.
3. Encourage your pastor to preach like Pastor James McConnell. Gift your pastor with a [membership](#) to Taking Back Right Ground. It is my heart's desire to embolden, encourage, and exhort pastors across America to preach the unvarnished gospel.
4. Make sure all your friends, relatives, associates, and neighbors are registered to vote in the November elections. Many states' cutoff is this Monday. We need to vote all Democrats out of office and let the Republicans in office know that we are no longer going to put up with their betrayal. They are literally on their last chance.

I understand that many of you don't believe there's a dime of difference between the Democans and Republicrats. In how they are governing, you wouldn't be far from the truth. However, the GOP platform is one we can stand on and we must demand that our elected Republican leaders defend each plank.

Time is running out. Get engaged and stay engaged.
